

Monday, August 25

3rd Floor

International Symposium 1

Microbiota, Gut Health, and Food Digestion

Chair: **Ju-Hoon Lee** (Kyung Hee University, Korea)

IS1-1 15:00-15:35
A Standardised Static *In vitro* Digestion Method Suitable for Food
André Brodkorb (Teagasc Food Research Centre, Ireland)

IS1-2 15:35-16:10
Molecular Food Safety Enabled by Whole Genome Sequencing
Bart Weimer (University of California at Davis, USA)

Chair: **Bart Weimer** (University of California at Davis, USA)

IS1-3 16:20-16:55
The Impact of Human Microbiome Studies to Food Sciences
Heenam Kim (Korea University, Korea)

IS1-4 16:55-17:30
Microbial Metabolomics for Gut and Fermentation Analysis
Choong Hwan Lee (Konkuk University, Korea)
