		P09 001-025	Product Development
		P13 001-046	Food Engineering
		P14 001-094	Food Processing

Poster Presentation Guideline

1. Poster presenters are required to set up posters on pre-assigned locations 30 minutes prior to the start of the poster session.
2. All posters must be remained on display during poster session. Authors should attend at least one hour for their posters. Outstanding posters will be selected during poster session.
3. Presenters should prepare tapes (both sides) for poster display. The use of tacks, pins, and staples are not allowed.
4. Tear-down must be completed within 15 minutes after the poster session has ended. Posters left up after the tear-down period will be removed for disposal.
