

Carbohydrate Division

Challenge of Non-starch Polysaccharides as Tailor-made Food Ingredients

Wednesday, June 3

▶203

Chair: **Hyun-Jung Chung** (Chonnam National University, Korea)

D3-1 15:00-15:45

Beyond Glycemic Control: Functions of Caloric and Non-caloric Carbohydrates

Pavinee Chinachoti (Thai Union Frozen Products, Thailand)

D3-2 15:45-16:15

Strategies for Controlled Enzymatic Production of Various Prebiotic Oligosaccharide Candidates from Hemicellulosic Biomass

Tae-Jip Kim (Chungbuk National University, Korea)

Chair: **Hyun-Seok Kim** (Andong National University, Korea)

D3-3 16:30-17:00

Application of Non-starch Polysaccharides in Food

Eun Jung Lee (Korea Polytechnics, Korea)

D3-4 17:00-17:30

Immunostimulating Sulfated-polysaccharides from Marine Algae and Their Application in Food Industry

SangGuan You (Gangneung-Wonju National University, Korea)
